SJPF RECOVER BODY IN HARBOUR AT LONG WHARF

The Saint John Police Force received a call on Saturday (Oct 13) at approximately 1155am concerning a human body that had been discovered near Long Wharf in Saint John's harbour.

The body was extracted from the water and taken to the Saint John Regional Hospital where an autopsy was performed on Sunday October 14, 2012 to help determine the identity and cause of death.

On October 16, 2012 we received confirmation on identity. Foul play is not suspected. The family of the female victim has been notified and at their request wish to have no further details released.
